

FLUSH MOUNTED HOSE REEL CABINET

I31-N

Hose reel cabinet

Flush mounted hose reel cabinets should blend with the interior but at the same time offer complete accessibility to the fire hose reel in the event of a fire. The Saval built-in reel cabinets are manufactured from galvanized sheet steel with a thickness of 1.5 mm which guarantees a solid construction.

The built-in hose reel cabinet is available in 3 different versions - I31-N, I32-N or I33-N - ranging in installation depth of 122 millimeters (ideal for system walls) up to 264 millimeters.

- Modern design with no external fittings.
- Can be mounted on the left and right hand side, water supply from bottom or top possible.
- Door with 2 openings for the benefit of a manual fire alarm.
- Sheet steel construction with Zincor and primer finish for optimum corrosion protection during the building process.

SPECIFICATIONS

| | |
|------------------------|--------------------|
| Product group | Hose reel cabinet |
| Product family | Hose reel cabinet |
| Colour | White |
| Product environment | Non-corrosive |
| Dimensions (h x w x d) | 945 x 735 x 122 mm |
