

JETFOAM (FF)

JETFOAM 3%

JetFoam is the world's first film forming, fluorine free (FF) foam high performance foam concentrate, designed for extinguishing and securing flammable aviation fuel spills and fires (Jet A and Jet A1).

- Fast knock-down and extinguishment exceeding the requirements of ICAO level B
- True Newtonian (low viscosity) foam to ensure accurate, easy induction and airport crash vehicle compatibility
- Fluorine free to meet airport policy on minimising environmental persistence
